

Food Contact Declaration

All raw polymer material used in the manufacture of PRIME 5000 LDPE sheet products confirm to the following food contact regulations.

US FDA Compliance (21 CFR 2017)

Under 21 CFR 177.1520(c) 3.2a, this resin may be safely used in articles used for packing or holding food during cooking. All adjuvants used in the manufacture of this resin are cleared for use in 21 CFR 170-189 by specific citation, generally recognized as safe (GRAS), prior sanctioned or under a specific Food Contact Notification (FCN). No further restrictions apply to the finished polymer.

EU Food Contact Compliance – Commission Regulation (EU) No 10/2011

As dispatched from our plant, the monomers and additives of our PRIME 5000 LDPE product meet the relevant requirements of Commission Regulation (EU) No 10/2011 as amended under the Framework Regulation EU 1935/2004. Please send an email to your usual sales or technical contact if you need an EU Declaration of Compliance.
